Frontend Engineer

PROFILE

Frontend engineer focused on React/Next.js product interfaces, responsive UI, accessibility, and polished user workflows.

EDUCATION

Michigan Technological University, Houghton, MI
M.S. Computer Science

CGPA: 3.9/4.0
Graduated Apr 24, 2026

Pune Institute of Computer Technology, Pune, India
B.E. Computer Engineering

GPA: 8.14/10
Jun 2024

EXPERIENCE

Freelance Sole Developer | The Mind Point - Mental Health Education Platform
Pune, India

Aug 2025 - Present

- Built the production storefront from scratch for a mental health education business, creating responsive course, cart, checkout, and enrollment flows in Next.js and React.
- Improved the buyer workflow by integrating Clerk account flows, Razorpay Checkout, PostHog analytics, Resend confirmations, and accessibility-focused UI updates.

Teaching Assistant - Physics Department | Michigan Technological University
Houghton, MI

Sep 2024 - Apr 24, 2026

- Supervised and graded physics labs for 100+ students across four semesters, guiding experiments, explaining concepts, and providing clear feedback across five lab sections per semester.

SELECTED PROJECTS

Ranking App - Preference Ranking Tool | *TypeScript, React, Next.js, Redis* | [Live](#) | [GitHub](#)

- Designed and built a novel interactive bracket UI after finding ranking tools ignored choice confidence; used decision latency to weight close vs. decisive matchups.
- Managed client-side ranking state, matchup progression, and score normalization while persisting user-defined item sets with Redis.

YayCamp - Campground Discovery Platform | *Next.js, TypeScript, Prisma, PostgreSQL, Clerk, React Leaflet* | [Live](#) | [GitHub](#)

- Built a live campground discovery UI with responsive Next.js pages, Clerk account flows, and React Leaflet map interactions for browsing location-based listings.
- Connected frontend states to typed data models and deployed the project publicly so recruiters can inspect the product flow directly.

Portfolio Website | *Next.js, React, TypeScript, Tailwind CSS, Motion* | [Live](#) | [GitHub](#)

- Built a responsive personal portfolio with animated sections, project showcases, audience-aware resume routing, and polished React/Tailwind UI patterns.
- Implemented accessible navigation, mobile layouts, and reusable components to present technical work without relying on a generic static resume page.

TECHNICAL SKILLS

Languages TypeScript, JavaScript, HTML, CSS

Frontend React, Next.js, Tailwind CSS, shadcn/ui

UI Engineering Responsive design, accessibility, interactive state, component architecture

Product Integrations Clerk, Razorpay Checkout, PostHog, Resend

Tooling Git, Vercel, ESLint
